

**LUSTRE MIDDLE EAST**

Electro Mechanical Services L.L.C.

*Your Vision, Our Future*

## From the Desk of Chairman

**"Growth is never by chance; it is the result of forces working together."**

Lustre has evolved itself into a robust, dynamic and further looking company over the past years. The company is truly indebted to its work force for their constant support and encouragement that has inspired a momentum within us to move forward with our dreams.

Our vision is to have a bright future for our employees and we strive hard to achieve the same by excelling in everything we do, be very innovative and leave no stone unturned to make the future bright of our employees as well as our company and subsequently build a strong nation. All the success that we have today is simply the result of hundreds of hands working together in synergy to build this company into what it is today and this also results in serving our nation in its growth and development. In the time of strong competition amongst the business fraternity we have not only successfully maintained our stability but also succeeded in achieving our goals through our vision and strength.

It will be our endeavor to identify the suitable market in Middle East and other regions and have a proactive approach to augment our capacity and achieve time bound results. We are always looking forward to invest wisely in securing raw materials and compliance with government policies on environment. We have started getting results from these investments already in the form of greater customer satisfaction and a healthier environment.

At this outset I would like to thank our stakeholders for their support and continued co-operation with all our commitment to hard work, desire for innovation and an ambition to be the best to achieve our mantra '**YOUR VISION, OUR FUTURE.**'

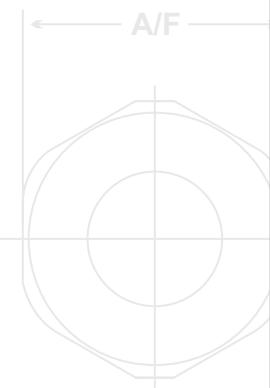

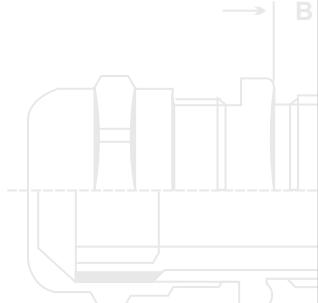

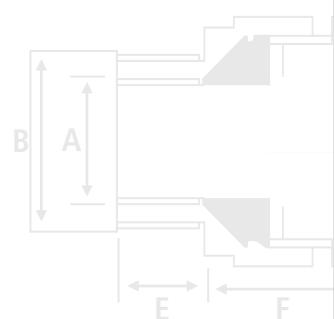

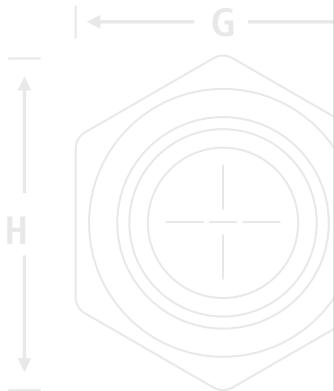

**Shubham Goel**  
Chairman

## Timeline

# Overview

## Our Experience

Years

- Since its Inception in 1972, with manufacturing facility in India. The company has grown substantially, setting up a state of art manufacturing facility in UAE as well.
- Established a Trading entity as Al Adab to cater the dynamic market requirement.
- Lustre Establishment is backed by extensive & renowned experience & knowledge.

## Our Location

Location

- With Corporate office located centrally in Dubai, its wings are spread across the Globe.
- We have offices and manufacturing facilities in UK, Malaysia, India, UAE & China.

## Our Team

Employees

- Our Team Comprises of a highly experienced & Professional Chairman, followed by certified managers, Senior Engineers, sales Professionals and a well trained technical staff.

## Our Values

Principles

- Our Value lies in our Quality, Reliability, Trust & Proximity.
- Our guiding principle :- our clients Satisfaction.
- We constantly thrive for our "Customer Delight".

## Our Production

Manufacturing

- We have 90,000 - sq mtr wide spread manufacturing facilities.
- Our production for GI Conduits & Fittings is in India (Name of place). The GI Flexible pipe are manufactured in UAE (Ras-al-Khaimah)

## Our Clients

Principles

- With our vast experience we have major satisfied clients, our relationship is on trust, quality & commitment.

## Corporate History

**Lustre Establishment LLC** is a fully corporatized and professionally managed company. We strongly believe that our customers need the best products & services, therefore in order to fulfill the continuously changing customer dynamics and expectations the company decided to have a fully corporatized environment.

**Lustre establishment** as a whole is driven by well laid down and established corporate processes, procedures and policies at all levels. We ensure that each aspect of our organization is driven by quality and highest standards.

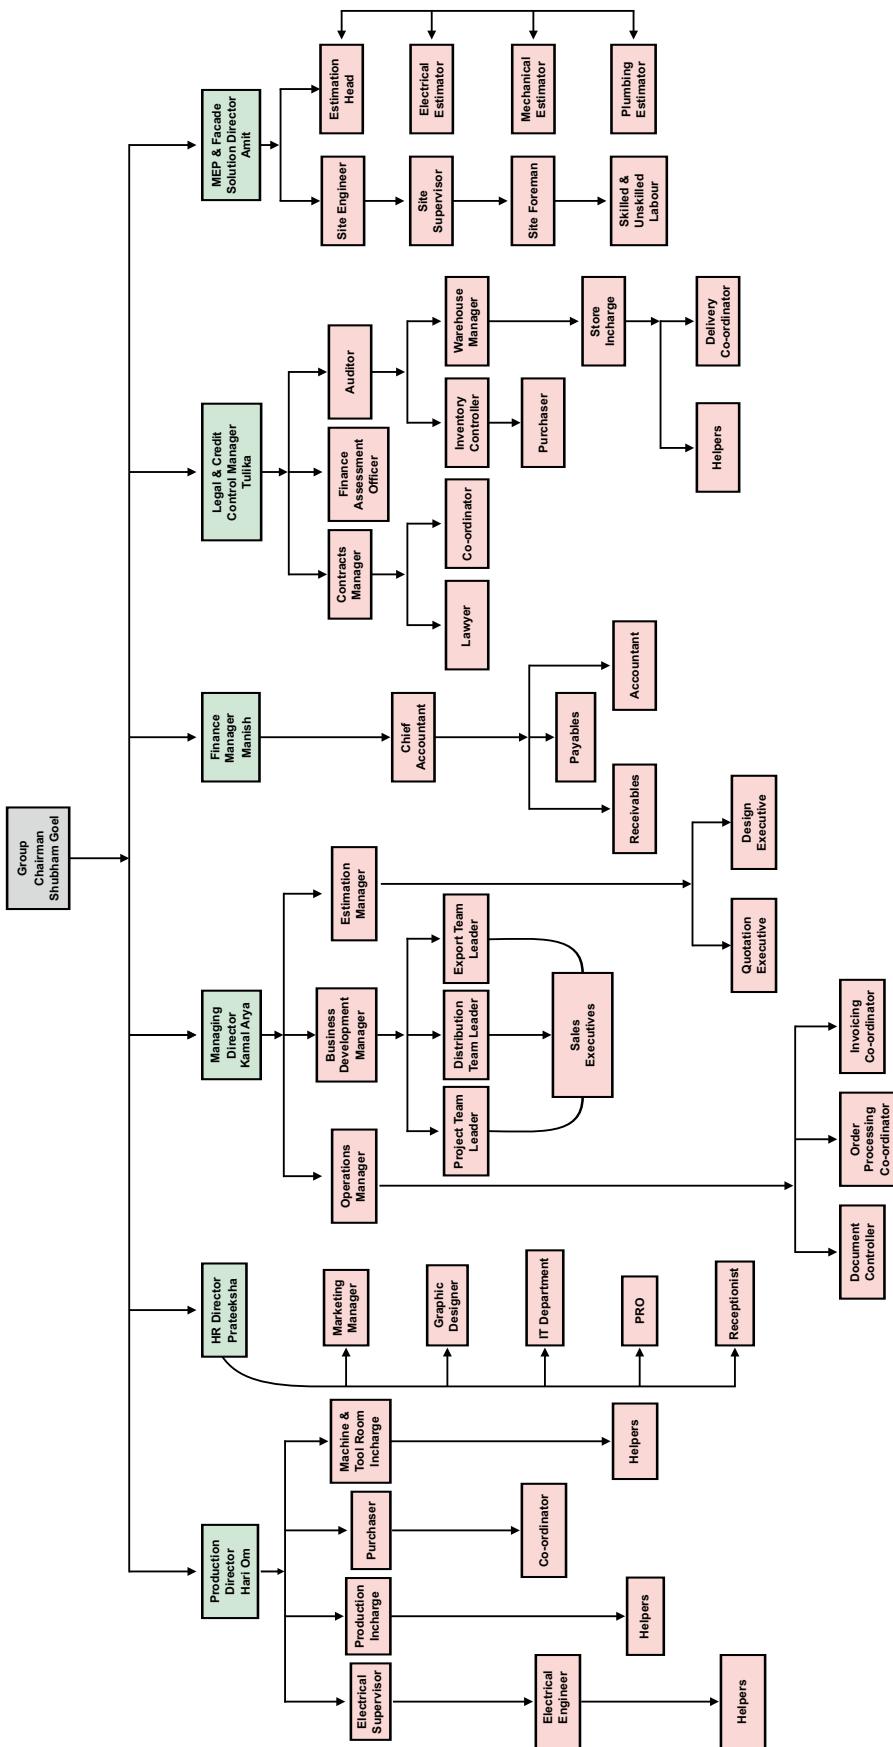

We are ISO certified Company.

We have a well established organizational structure with a highly functional hierarchy.

## PRODUCT RANGE

## GI Rigid Conduits

BS EN 61386-21/BS 4568/BS EN 50086

Class of Surface Protection	Nominal Size	Outside Diameter Min	Outside Diameter Max	Nominal Thickness	Length w/o Coupling	No. of lengths per bundle	Part No.	Listing
Class 4	20 mm	19.7 mm	20.0 mm	1.6 ±0.15 mm	3.75 metres	10	LBSC 20	bsi.
	25 mm	24.6 mm	25.0 mm	1.6 ±0.15 mm	3.75 metres	10	LBSC 25	bsi.
	32 mm	31.6 mm	32.0 mm	1.6 ±0.15 mm	3.75 metres	5	LBSC 32	bsi.
	38 mm	37.6 mm	38.0 mm	1.8 ±0.15 mm	3.75 metres	5	LBSC 38	bsi.
	50 mm	49.6 mm	50.0 mm	1.8 ±0.15 mm	3.75 metres	5	LBSC 50	bsi.

### CHARACTERISTICS

- Zinc-coated on the exterior and interior of conduit surface (Class 4)
- Supplied with one standard coupler per length.
- Hot-dipped galvanized to BS EN ISO 1461 (Class 4).
- Metric size threadings.
- Smooth interior for easy cable pulling.

### APPLICATIONS

- Suitable for outdoor use which requires high levels of corrosion protection.
- Recommended for use in area with high humidity, chemical plants, etc.

## GI Rigid Conduits Fittings

BS EN 61386-21/BS 4568/BS EN 50086

# PRODUCT RANGE

Made in UAE

## GI Flexible Conduit & Adaptor BS EN 61386-23/BS 731

### Features

- High mechanical strength
- Very High Flexibility
- Temperature range: - 50°C to + 300°C
- IP rating: IP40 with standard fittings
- Inherent low fire hazard product

### Specifications

- Used as high mechanical protection where bend radius or high temperature are required
- Under floor wiring, access flooring for computer / floor boxes

## PVC Coated GI Flexible Conduit & Adaptor BS EN 61386-23/BS 731

### Features

- Galvanized steel, helically wound, flexible steel conduit with PVC coating. Colour Black. Grey on request
- Highly flexible
- Flame Retardant
- Liquid Resistant
- High mechanical strength

### Specifications

- As per BS EN 61386
- IP rating: IP54 with standard fittings
- IP 65 with Appropriate IP fittings
- Temperature range: 25°C to +70°C
- Nickel plated brass fittings

**LSZH (Low Smoke Zero Halogen)  
GI Flexible Conduit & Adaptor  
BS EN 61386-23/BS 731**

**Liquid Tight GI Flexible Conduit & Adaptor  
BS EN 61386-23/BS 731**

### Features

- Galvanized steel, helically wound, flexible steel conduit with low fire hazard jacket. color black
- Highly flexible
- Flame Retardant
- Halogen free
- High mechanical strength

### Specifications

- As per BS EN 61386
- IP rating: IP54 with standard fittings
- IP 65 with Appropriate IP fittings
- Temperature range: 25°C to +90°C
- Nickel plated brass fittings

### Features

- High mechanical strength
- Medium Flexibility - Medium Fatigue Life
- Very High UV Resistance
- Corrosion Resistance
- Self extinguishing

### Specifications

- Temperature range: Min-20°C, Max +105°C
- IP rating upto IP 68 & IP 69 K (with appropriate Fitting)
- Suitable for external use in extreme conditions
- Marine, Shipping, Oil & gas industry
- Mining equipment
